

NEIOH ~ About Sirians (NAPOLI)

尼奥 ~ 关于天狼星人 (纳波利)

(老钉译，2023 年 1 月 19 日)

Beloved Friends Of Light!

亲爱的光之朋友们!

As We Move Closer To The Grand Shift, We Honor And Acknowledge Many Races!

随着我们接近大转变，我们向许多种族表示敬意和感谢！

Some Races We Have Revealed Have Their Created Soul In Elohim-12D. 我们已经揭示过，有些种族的灵魂是在耶洛因-12 维被创造出来的。

Sirians Are One Of These Beloved Races!

天狼星人就是这些可爱的种族之一。

Through Millions Of Years They Lived On Their Stars In A Small Constellation Known As Canis Major On Earth. It Is In The Milky Way Galaxy.

数百万年来，他们生活在银河系中一个小星座的恒星上，地球上称之为大犬座。

Those Created In Elohim Had No Name In Their Beginning. They Expressed In Tones And Color And Understood Their Sacred Essence. They Had The Awareness Of Those Around Them Expressing In Love.

Power Was Given By God To Project Bodies With Their Own Consciousness. Each Had Free Will And The Ability To Venture Out In The Vast Cosmos.

那些在耶洛因中被创造的人们，开始时没有名字。他们用音调和颜色来表达，懂得他们的神圣本质，也懂得周围的人都在用爱表达。上帝给了他们力量，让他们用自己的意识投射身体。每个人都有自由意志，能够在广袤的宇宙中冒险。

As Life Developed And Children Were Born, Many Understood The Generations That Were Growing.

随着生命的发展和孩子们的出生，

许多人理解了正在成长的一代。

Those Souls First Created In Elohim
Joined With Other Elohim Races From
Many Stars And Formed An Alliance
Of Light That We Call The Galactic
Federation. All Members Dress In
Blue Uniforms With Silver Boots To
Show Unity Among Members.

那些最初在耶洛因中被创造的灵魂，与来自许多星球的其他耶洛因种族联合起来，结成了一个光的联盟，我们称之为银河联盟。所有成员都身穿蓝色制服，脚穿银色靴子，以显示成员之间的团结。

The First Commander And Elder Of Sirius Of Both A And B Stars Is ASHTAR KELEESO. His Power And Light Shine Through Millions Of Years And Earth Has Experienced The Creative Power And Love Of The Galactic Federation For 30 Million Years. His Headquarters Are On Star A But He Moves Continually To Meet With Those On Star B. He Wears Long Burgundy Colored Pants With Silver Capes And A Silver Necklace With A Medallion With The Face Of A Large Cat (Representing Quietness With Wisdom In Traveling Unseen). When Traveling On Missions He

Dresses As Other Members Of The GF.

天狼星的 A 星和 B 星的第一任指挥官和长老是阿斯塔凯莱索。

他的力量和光辉照耀了几百万年，地球也已经体验了银河联盟三千万年来的创造性力量和大爱。他的总部在 A 星，但他不断地与 B 星的

人会面。他穿着酒红色的长裤，披着银色的斗篷，戴着银色的项链，上面有一个大猫脸的奖章（代表在旅途中看不见的智慧和安详）。在执行任务时，他的穿着和其他银河联盟成员一样。

Now There Are Starseeds On Earth From Races That Were Not In Your Awareness. There Are Mixed Races That Are Having A Brief Experience Of Being Human. Native Souls Of Earth Welcomed The First Visitors As They Received Love And Assistance. 现在，地球上有很多星际种子，来自你所不知道的种族。有一些混血

种族正经历着做为人类的短暂体验。地球上的本土灵魂欢迎第一批访客，因为他们得到了爱和帮助。

The Appearance Of Sirians Are Dark Blue Slightly Slanted Eyes, A Slightly Elongated Head, A Narrow Nose And Thin Lips. They Stand 7 Feet Tall And Enjoy Being Nude Or Wearing Drapes Over One Shoulder To The Knees. They Dress For Meetings In Elaborate Apparel With Long Pants, Capes, Gowns And Robes.

天狼人的外表是深蓝色的略微倾斜的眼睛，略微拉长的头，狭窄的鼻子和薄嘴唇。

他们身高 7 英尺，喜欢裸体，或穿着单肩到膝盖的衣服。他们在开会时穿着精致的服装，包括长裤、斗篷、长裙和长袍。

Sirius A Is The Brightest Star Seen In The Earth's Night Sky. Sirius B Is A Dwarf Star That Was Once Very

Large. It Has Collapsed In Size As It's Fuel Sources Have Been Used To Maintain Temperature. It Is Very Hot Like The Sun And Over Millions Of Years, The Souls Adapted And Lived Closer To One Another. The Power Of Source Allowed The Adaptation To Accommodate Life In This Manner With No Effects To The Body At All.

天狼星 A 是地球夜空中看到的最亮的星星。天狼星 B 是一颗矮星，曾经非常大。由于燃料来源被用来维持温度，它的体积已经缩小。它像太阳一样非常热，经过几百万年的时间，灵魂们适应了环境，彼此生活得更加紧密。源头的力量允许生

命适应这种方式，对身体没有任何影响。

The Sirian Race Is Able To Maintain Themselves As Their Design Is From Light And Heat. They Are Able To Project Light From Their Fingertips As They Travel And Encounter Dark Entities. They Give Warnings With The Light And They Can Destroy Those That Attempt To Attack. They Are Very Peaceful And Try To Avoid Conflicts But They Are Very Protective Of Those They Love.

天狼星种族能够维持自己的生命，因为他们的设计是来自于光和热。

(图片：阿斯塔的弟弟奥皮)

当他们旅行和遇到黑暗实体时，他们能够从指尖投射出光。他们用光发出警告，并能摧毁那些试图攻击的人。他们非常和平，尽量避免冲突，但他们非常保护他们所爱的人。

Sirians View Life In Oneness And

Enjoy Meditating Together To Feel
The Presence Of Source Within.

天狼星人将生命视为一体，并喜欢
一起冥想，以感受内在本源的存在。

Both A And B Stars Work Together
Magnetically To Balance High
Density Particles And Move Around
Each Other Causing An Increased
Spinning Of The Stars. This Is
Balanced And The Souls Never Feel
The Movement, Just As You Do Not
Feel The Turning Of Earth.

A 星和 B 星通过共享磁场平衡高密
度粒子，并围绕对方运动，引致星
体的旋转增强。这是平衡的，灵魂

不会感觉到运动，就像你感觉不到地球的转动一样。

Life Is Full Of Creativity With Art, Music And Games. Long Structures With Flat Roofs Are Created Throughout Both Stars. Archways Divide Areas For Privacy With Families And Meetings. There Are Soft Colorful Cushions Placed Throughout The Area For Comfort.

生活中充满了艺术、音乐和游戏的创造力。在这两颗星上，都有带平顶的长形结构。拱门将家庭和会议的隐私区域分隔开。整个区域摆满了柔软而舒适的彩色坐垫。

Large Mountains And Oceans Are Colorful And Sirians Hike And Swim Daily. They Consume Vegetables And Fruit With Water And Enjoy Having Beautiful Trees And Flowers. Fairies Fly Through The Areas Where Families And Beloved Pets Interact. Large Cats, Bears And Flying Horses Are Enjoyed By Everyone.

大山和海洋是彩色的，天狼星人每天都在徒步旅行和游泳。他们喝水，吃蔬菜和水果，享受美丽的树木和花朵。仙女们在家庭和心爱宠物互动的地方飞来飞去。大猫、熊和飞马为大家所喜爱。

This Beloved Race Is Aware Of You
And Their Focus Is On Unity And
The Soon Coming Shift.

这个可爱的种族熟知你们，他们的
重点是合一和即将到来的扬升。

You Will Meet Them In Sheen As
All Races Greet One Another With
Remembrance And Great Love!

当所有种族都以纪念和大爱在辛
地球迎接彼此时，你将见到他们！

EN EEKE MAI EA!

I Love You So!

NEIOH

我如此爱你！
尼奥
