DISSOCIATIVE DISORDERS

Experience Dissociation. If You Drive A

Car And Travel A Distance While Thinking Or Involved In Conversation, You Are Not Aware Of Each Move In Driving. You Arrive At Your Destination And Park The Car While Fully Engaged In Thoughts And Words On Many Topics. You Were Dissociated.

阅读此文的很多人都明白，所有人都会经历分离。如果你开车时想事，或者和人交谈，便不会每时每刻意识到行车状况。你开到目的地，泊车，可思绪和话

题仍沉浸在多个话题上。你处于分离状态。

The Condition That Is Known In The Mental Health Field Is Due To The Splitting Of One Identity. There May Be Only Two That Are Known. But Many Times There Are Multiple Personalities That Function Separately. Sometimes These Alter Identities Are Known To One Another. In Other

Instances, There Are Many More That
Come And Go And Are Unknown To
The Other Alters.

精神健康界所指的这种疾病，源于一个身份的分裂。可能只知道两种身份。但许多情况下，存在多个独立运作的人格。有时这些替代身份彼此知晓。在其他情况下，会有更多身份来来去去，彼此互不知晓。

Some Of The Most Interesting Aspects

Are Separate Beliefs, Physiology And Even Fingerprints. This Will Allow You To See That The Body Mind Connection Is Very Real. The DNA Would Remain The Same In All Instances. But Disease And Maladies Can Express Very Differently. One Personality Might Express With Diabetes And Others Will Feel Aches And Pains Unknown To The Other Alters.

最有趣的一些方面包括，独立的信念、

生理特征，甚至指纹。这将让你看到，身心连接是真实存在的。在所有情况下，DNA都会保持不变。但疾病症状可能表现的截然不同。一个身份可能表现为糖尿病，而其他身份则会感到无人能知的痛楚。

As The Switching Back And Forth Unfolds, There Can Be Confusion And Extreme Fatigue. Employment Of Course Would Be Affected As Well As Family

Situations. In Many Instances There Are Break Ups In Families And Relationships. But There Are Many Situations Where A Partner Knows And Supports Their Loved One Through The Struggles.

随着多重身份的切换来切换去，可能会出现混乱和极度疲劳。工作当然会受到影响，家庭情况也一样。在许多情况下，家庭和关系会破裂。但也有许多情况下，伴侣会了解并支持所爱的人度过难关。

This Situation Is Not A Soul Plan. It Is A Variable That Was Understood While In The Higher Realms. There Would Be Knowledge That Abuse Or Trauma Could Unfold In A Particular Family Situation Or Circumstances That Would Be Present. The Soul Remains Whole And Alert And Some Or One Of The Alters Could Actually Align. Complete Awakening Is

Difficult As Alters Often Gain
Strength And Dominance Over The Other
Alters. In The End, Only The Soul Is
Real.

这种情况并不是灵魂计划，而是在更高
维就理解的变量。会预知虐待或创伤可
能在特定家庭环境中发生。灵魂保持完
整与警觉，部分或某个替代人格可能实
现对齐。完全觉醒很困难，因为替代人
格常获得力量并支配其他替代人格。最
终，唯有灵魂是真实的。

Abuse Or Trauma Can Be So Severe
That Being Present In These Events Can
Be Too Horrific. The Mind Is There To
Protect And The Splitting Allows Such
Dissociation That One Becomes Present
In Another Frequency Of Awareness.
These States Are Not Real Anymore
Than Thoughts Are Real And Permanent.
All If This Is A Mind Creation. The
Mind Controls The Body Therefore The

Body Is Changed Dramatically With
Each Alter.

虐待或创伤可以是极为严重的，以至于
身处这些事件中的人会难以承受。心灵
在此为了保护当事人，允许人格分离，
使其逃逸到另外一种意识频率中。这些
状态并不比思想更真实，更永久。这一
一切都是思想创造出来的。心灵控制着身
体，因此每个替代人格都会使身体发生
剧烈变化。

Believe In Goodness And Light. Know
That You Are Safe Within Your True
State Of Being Which Is The Soul. Be
Strong And Seek Help With Those That
Understand.

相信善良与光明。知道你在真实的灵魂
存在状态下是安全的。坚强起来，去理
解你的人那里寻求帮助。

You Are A Powerful Soul Of Light! 你
是一个强大的光之灵魂！

EN EEKE MAI EA! 恩 溢 满 爱!

I Love You So! 我如此爱你!
