In 1984 six Russian cosmonauts aboard the Salyut space station reported seeing giant, glowing winged beings 80 to 125 feet tall and surrounded by a radiant, orange-tinged light.

It lasted for about ten minutes and left the crew deeply affected, describing it as a spiritual experience.

Pleiadians call these beings 'FACEE'.

1984年，六名俄罗斯宇航员在“礼炮号”空间站上报告说，他们看到了巨大的、长着翅膀的发光生物，这些生物有80到125英尺高，周围环绕着橘黄色的光芒。

这种现象持续了大约10分钟，宇航员们深感震撼，将其描述为一种精神体验。

昴宿星人称这些生物为天使（法戏，“FACEE”）。
