

The Shift 跃变

（卡柏，2025 年 1 月 10 日；老钉译）

Our coming ascension isn't from a random solar flash or cosmic occurrence, it's a gift from Galactic Federation.

我们即将到来的扬升，并非来自随机的太阳闪电或宇宙事件，而是银河联邦的礼物。

It's not a rescue. It's earned graduation given to individual planets deemed worthy of becoming galactic civilizations.

这不是拯救。它是被认为有资格成为银河文明的各个星球所挣得的毕业证书。

Not everyone will experience it. Evil humans and dark forces will be left behind. This is the same as the biblical rapture.

不是每个人都会经历它。邪恶的人类和黑暗势力将被抛下。这和《圣经》中的“狂喜”是一回事的。

This is the first and only ascension Earth will ever receive. This isn't the same as individuals who ascended out of their body in the past, as with 'ascended masters'.

这是地球有史以来，第一次，也是唯一的一次升天。这不同于过去脱离肉体升天的个人比如“扬升大师”。

When will it happen? 扬升会在什么时候发生？

If we were waiting on a solar flash or the end of a cosmic cycle, it could take many more years and there's no guarantee we would

experience it.

如果我们等着太阳闪焰或宇宙周期的结束，那可能需要好多好多年的时间，而且不能保证我们一定会经历。

Pleiadians tell us that most humans alive right now will experience it. This is our final lifetime on this 3D Earth and is why many of us chose to be here now.

昴宿星人告诉我们，现在活着的大多数人类都会经历它。这是我们在这个三维地球上的最后一世，也是我们中许多人选择现在在这里的原因。

The exact moment can't be predicted. It will be decided by Elder Ikai, leader of Galactic Federation. Many can already feel it coming.
扬升的确切时刻无法预测。它将由银河联邦

的领袖伊凯长老决定。许多人已经能感觉到它正在到来。

The Process 扬升过程

The plan was made thousands of years ago and involves many factors coming together at once. 这个计划是几千年前制定的，涉及许多因素的一次性同时作用。

There are thousands of gigantic quartz crystals that were buried underground long ago that will function as an energy grid to create a giant portal around the Earth.

在很久以前，地下埋藏了成千上万颗巨大的石英水晶，它们将作为一个能量网格，在地球周围形成一个巨大的光门。

144,000 of the roughly 200,000,000 incarnated starseeds will be activated with specific frequencies at the exact moment that work in tandem with this crystal grid.

大约 200,000,000 化身为人类的星际种子里，有 144,000 人将在精确时刻，被特定频率激活，与这个水晶网格协同工作。

At the moment the grid activates, a portal covers the Earth, and smaller portals will cover each individual human ascending.

在网格激活的那一刻，一个传送门将覆盖整个地球，而人类中每个人都有一个小传送门覆盖，实现扬升。

Then we'll instantly be on the 'new Earth'. No pain. No death. We'll be upgraded physically to be youthful and without sickness or disease

and have new abilities.

然后，我们将瞬间出现在“新地球”上。没有痛苦和死亡。我们的身体会升级，变得年轻，没有疾病，没有残疾，并拥有新的能力。

We'll shift together with our loved ones. We'll be in the same relative locations. Nothing will be lost and everything will be gained.

我们将和亲人们一起扬升。我们将处于相对相同的位置。我们不会失去任何东西，而会得到一切。

Evil people and unseen dark forces will be 'left behind' in this reality. From their perspective we'll vanish in a blink, and from our perspective they'll vanish in a blink.

邪恶之人和看不见的黑暗势力，将被“丢弃在这个现实中。从他们的角度来看，我们将

在眨眼间消失；而在我们看来，他们也会在一瞬间消失。

April 2, 2021 二〇二一年四月二日

The new Earth (Sheen) was established on April 2, 2021. This is only a technical detail, but when it happens, we'll portal back to this exact date but on the higher frequency Earth.

新地球（希恩），已经于2021年4月2日确立。这只是一个技术细节，但当扬升发生时，我们将退回到这个确切的日期，只不过是在更高频率的地球上。
