

# The Moon 月球

**Neioh** – The Moon has always been a secret to most but is an actual living Entity. This Entity is of a Non-Dual Nature and therefore is able to assist without judgement. Providing Frequencies to match and accelerate those that wish to use this gift of Love.

对大多数人来说，月亮一直是一个秘密，但却是一个真实存在的实体。这个实体是非二元性质的，因此能够不加评判地提供帮助。提供频率来匹配和加速那些希望使用爱的礼物的人。

## Intentional Placement

It is not an artificial object but was artificially placed in the orbit of Earth by Elohim Light Forces millions of years ago. The mathematics involved with many of the bodies in our solar system are evidence of intentional placement. For example, the Sun is 400x wider than the Moon and 400x times further away, but they both appear the same size to us on Earth. These aren't just coincidences but clues that we were meant to find.

## Life on the Moon

**Laka** – There Is Water, Mountains, Streams And Many Plants. All Nutrients, Minerals And Components Necessary Have Been Provided And Beings Thrive Well. Plants Have Systems Of Transforming Chemicals From The Earth Without Using The Sun As Earth Uses For Photosynthesis. It Is An Entire Process And This Provision Is Nourishment For All Beings. As Your Body Form Is Mostly Water, The Forms There Are More Solid As The Elements They Consume.

**Neioh** – The Moon is inhabited on all sides, surface and beneath. Just like you have different characters on Earth, it is this way here. The ones who cause problems for others tend to stay in areas of shadows and dense course ground. But there are beautiful places and green trees and water that the Earth is not told about by those that know well. There is beautiful architecture and beautiful Beings as well as some that would frighten those on Earth, having more of an insect look, but very large. The different Species dwell together and for the most part, mind their own business. Pleiadians are well respected by all and We come and go as We wish.

### 有意布局

它不是一个人造物体，而是数百万年前由伊洛欣光力量人工放置在地球轨道上的。太阳系中许多天体所涉及的数学是有意放置的证据。例如，太阳比月亮宽400倍，离月亮远400倍，但在地球上，它们看起来都一样大。这些不仅仅是巧合，而是我们应该找到的线索。

### 月球上的生活

拉卡——有水，有山，有溪，有很多植物。所有营养物质、矿物质和成分必需品已经被提供，生命茁壮成长。植物有转化来自土壤的化学物质系统，而不像地球利用太阳进行光合作用。这是一个整体过程，这个规定是所有生命的养料。因为你的身体形态大部分是水，那里的形态更像它们所消耗的元素一样固体。

neioh——月球的四面八方都有人居住，包括地表和地下。就像你有不同的地球上的人物，在这里是这样的。那些给别人制造麻烦的人倾向于呆在阴影和密集球场的区域。但是有一些美丽的地方，绿色的树木和水，地球没有被那些熟知的人告知。有美丽的建筑和美丽的生物，也有一些会让地球上的人害怕的，更像昆虫的样子，但是非常大。不同的物种生活在一起，在很大程度上，各司其职。昴宿星人受到所有人的尊重，我们按照自己的意愿来来去去。

There are a race of mantis beings that Pleiadians call **Tazepia**.

**Laka** – In This Area There Are Many Types Of Life And Beings. Unstructured With A Ruler, There Is Duality And Many Types Of Body Forms. Just As You Have Kind And Loving Humans, There Are Wonderful Beings As Well As Those That Enjoy Causing Chaos. These Would Not Be Accepted By Earth Largely Because Of Appearance. Some Have The Look Of What You Call Insects. These Are Highly Intelligent And Communicate Well. Others Have Body Forms With Arms And Legs, Walking Upright And All Accept That Life Looks Very Different. It Is Not A Problem For Any Beings Here As Life Has Taught Them Many Ways To Remain Private. Pleiadians Are Highly Respected And Teach Often When The Situation Is Appropriate.

有一个螳螂种族被昴宿星人称为**塔兹皮亚 (Tazepia)**。

拉卡-在这个地区有许多类型的生命和存在。有统治，无组织，有二元性和许多类型的身体形态。就像你有善良和可爱的人类一样，也有奇妙的生物以及那些喜欢制造混乱的生物。这些是不会被地球人接受的，很大程度上是因为外表。有些长得像你们所说的昆虫。这些是高智商，善于沟通。其他人有胳膊和腿，直立走路  
所有人都接受生活看起来会非常不同。对于这里的任何生命来说，这都不是问题  
生活教会了他们很多保持隐私的方法。昴宿星人非常受尊敬，并且经常在适当的情况下教导。

Galactic Federation Bases

There are Galactic Federation bases where ETs and humans work together. Humans have been going there since before NASA was formed.

### There's an enormous, mysterious mass under the Moon's largest crater

*Astronomers suggest it may be an asteroid that hit the Moon billions of years ago.*

The South Pole-Aitken basin shows up clearly as low-lying blue in a topographical map of the moon, with the newly discovered mass located underneath the area encircled by the dotted line.

Neioh – This is a Base, not a buried asteroid or foreign object. This is a Prime Meeting location for the Galactic Federation. There are multiple locations for the many ongoing meetings, but this is a place of undetectable material and can't be penetrated by Solar Weapons or Technology. We created this place millions of years ago and We have many Crafts stationed here.

银河联盟基地

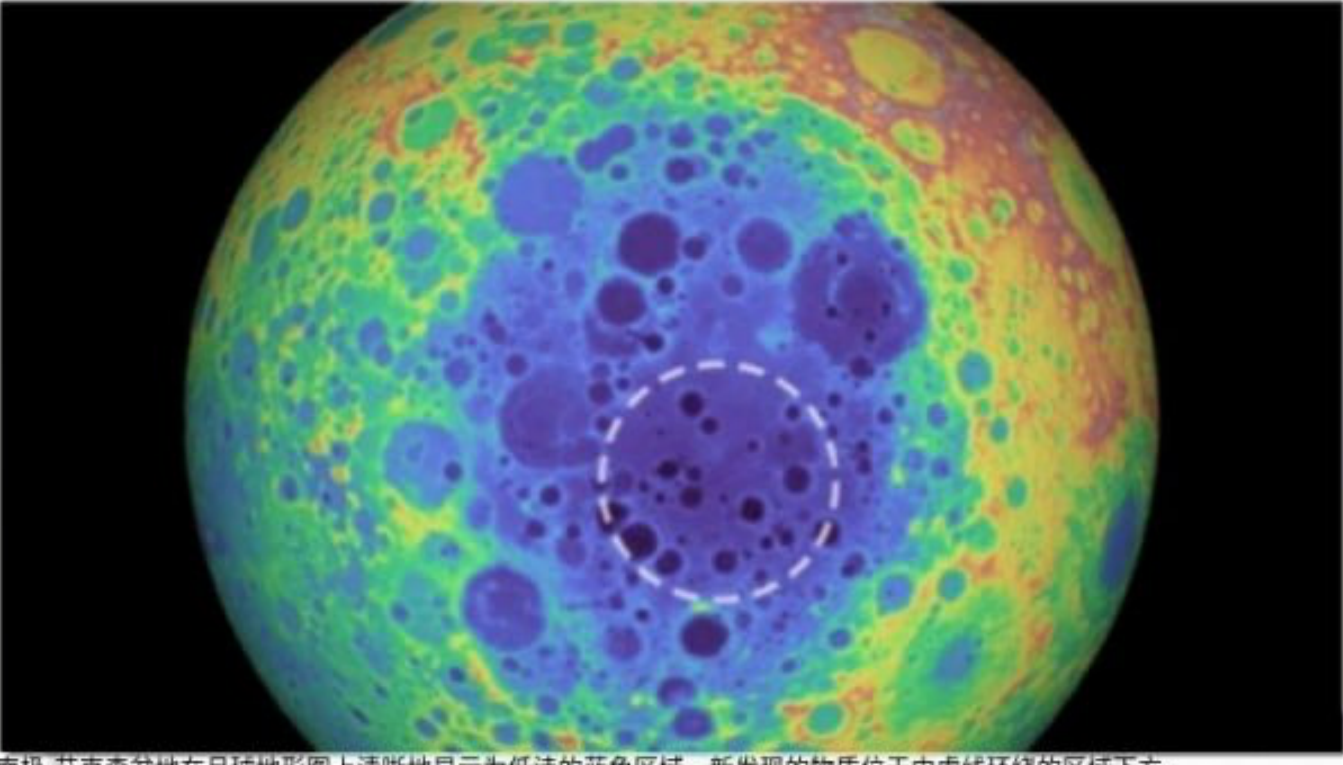

有外星人和人类一起工作的银河联邦基地。自从NASA成立之前，人类就已经去那里了。

在月球最大的陨石坑下有一个巨大而神秘的物质

天文学家认为它可能是几十亿年前撞击月球的小行星。

南极-艾克森盆地在月球地形图上清晰地显示为低洼的蓝色区域，新发现的物质位于由虚线环绕的区域下方。

Neioh-这是一个基地，不是一个被掩埋的小行星或外来物体。这是银河联邦的主要会议地点。许多正在进行的会议有多个地点，但此处由无法探测的材料所构建，太阳能武器或技术无法穿透。我们在几百万年前创造了这个地方，我们有许多飞船驻扎在这里。

It's likely a large boulder excavated by an ancient lunar impact.

**Laka – There Are Many Narratives Running About The Moon You Observe. The Large Structure That Is Intentionally Seen In These Moments Is One Of Our Finest Galactic Meeting Structures. With Architecture Not Available To You In These Moments, It Would Be Difficult For You To Imagine. But You Can. This Magnificent Structure Is Composed Largely Of Crystals And Is Indestructible. It Can Be Cloaked To Be Unseen, It Can Rise Higher Or Contract And Change Shapes. This Structure Is Also A Mothership Which Can Easily Accommodate Hundreds With Large Lounging Areas, Music And Dining. It Is Equipped With The Highest Technology Of Forces And Can Operate In Any Galaxy. We Meet Regularly Here As Well As Deep Space And Other Planets. 拉卡——有许多关于你所观察到的月亮的故事。大型建筑在这些时刻有意看到的是我们最好的银河会议结构之一。随着在这些时刻，建筑对你来说是不可得的，你很难想象。但是你可以试着想象。这座宏伟的建筑主要由水晶组成，坚不可摧。它可以是隐形后，它可以升得更高或收缩并改变形状。这种结构也是一艘母舰，可以轻松容纳数百人，有大型休息区、音乐和餐厅。它装备了最高科技的原力，可以在任何星系运作。我们定期在这里以及深空和其他星球见面。母舰是为休闲和重要会议而设计的。在你正在观看的月球区域，有来自多元宇宙中生活的许多方面的多种飞行器的隧道和着陆区域。
