Grok

If the tie on trump had full natural light with no shadows how close is it to the color of blue in the first picture

Answer

Based on the provided images, the color of the tie in the second image appears to be very close to the blue color in the first picture. The HEX code for the blue in the first image is #004f98, which corresponds to RGB values of 0, 79, 152. The tie in the second image, under full natural light with no shadows, seems to match this color quite accurately. Therefore, the tie's color is very close to the blue in the first picture.

A possible 'supernatural' presence seen with Trump can only mean one thing.

Angelic assistance. Trump is protected.

特朗普 - “我将在执政一天后,给你们一份关于无人机的报告。”

仔细观察特朗普，读懂他字里行间的意义。  
他还不能透露任何信息。他知道别人不知道的事。

他们在谈论核基地遭到入侵，而军方多年来却一无所知。

这与人类无人机出现以前很久的 UFO 目击事件是一致的。

他们说的是银河联邦。

特朗普会说多少？我们将拭目以待。

TRUMP - "I'm going to give you a report on drones about one day into the administration."

Watch Trump closely and read between the lines.

He can't give anything away yet. He knows what others don't know.

They're talking about incursions over nuclear sites and the military not knowing anything for years.

This is consistent with UFO sightings from long before human drones even existed.

They're talking about Galactic Federation.

How much will Trump say? We'll have to wait and see.
