

“白帽子”是些什么人？

（卡柏，2025 年 1 月 2 日）

白帽子是直接参与银河联邦合作的军事人员，他们参与因种种原因而无法公开（直到扬升）的秘密活动。

这些活动牵涉到其它问题，一旦公开就会引起广泛的恐惧或愤怒，其中包括正在进行的外星人接触、对高级别公众人物的逮捕，以及克隆设施的拆毁。

白帽子是来自银河联邦种族的人类星种，他们通过灵魂计划协议履行这一职责。允许银河联盟以人类的形式采取直接行动，可以被看作是一个“漏洞”。

昴宿星人说，全世界有数以百计的活跃白帽子。他们并非都在美国出生，但都在与美国军方有关的基地工作。

他们乘坐银河联邦的飞船旅行，有些人还到过月球和火星上的银河联盟基地。他们对这些经历的记忆可能会被暂时屏蔽，以防止日常生活受到干扰。

过去，白帽子曾获得过“视镜”等先进技术（可以看到不远的未来）。这项技术数年来几度易手，现在被闲置存放在南极洲的一个基地里。

特朗普对昴宿星人和银河联盟的了解，始于上世纪 80 年代末与他接触的白帽子。他与他们合作多年，了解许多秘密逮捕行动。

我之前分享过，我的昴宿星人兄弟们，目前都有双生灵魂化身在地球。这些化身有的和我一样是平民，有的则是活跃的白帽子。

昴宿星人告诉我们，**大天使拉斐尔目前也化身为白帽子**。我可以分享一些信息，让大家更清楚地了解他们，但为了安全起见，我将隐去他们的名字。

尼奥的化身灵魂方面

他不是双生灵魂，而是“灵魂方面”，**意味着他会在扬升时刻与尼奥融合**。

他出生在法国，今年 55 岁（2025 年），主要

驻扎在南极洲。他是一名美国海豹突击队员是昴宿星人和其他白帽子之间的联络人。他将罪犯送往关押地点。他乘坐银河联邦的飞船旅行。他曾多次前往巴斯克（BASK，位于塞多纳的银河联盟基地）参加会议。

阿卡图的双生灵魂

Who are 'White Hats'?

White Hats are military personnel who work directly with Galactic Federation and are involved with covert activities that can't be publicized for various reasons (until the Shift).

They are connected to other issues that would

cause widespread fear or outrage if publicly known, including ongoing ET contact, high-level arrests of public figures and take downs of cloning facilities.

White Hats are human starseeds originating from Galactic Federation races, who are serving this function through their soul plan agreements. It could be seen as a 'loophole' allowing GF to take direct action in human form.

Pleiadians say there are hundreds of active White Hats around the world. They're not all US-born, but they all work at bases connected to the US military.

They travel on Galactic Federation crafts, and some have gone off-planet to GF bases on the

Moon and Mars. Their memories of these experiences may be temporarily blocked to prevent distractions in their daily lives.

At times in the past, White hats have been given advanced technology like "Looking Glass" (which can see a short distance into the future). Looking Glass changed hands over the years and is now stored unused in a base in Antarctica.

Trump's knowledge of Pleadians and Galactic Federation first came from White Hats who approached him in the late 1980s. He's been working with them for years and has had knowledge of many covert arrests.

I've previously shared how my Pleidian brothers all have twin souls currently incarnated.

Some of these incarnations are civilians like me, and some are active White Hats.

We've been told by Pleadians that Archangel Raphael is also currently incarnated and is serving as a White Hat. I can share some information to give a better idea but will withhold names for security.

Neioh's Incarnated Soul Aspect

He isn't a twin soul but a 'soul aspect', which means he will integrate with Neioh at the moment of the Shift.

He was born in France. He's 55 years old (2025) and is stationed primarily in Antarctica. He's a US Navy Seal and serves as a liason between

Pleiadians and other White Hats. He transports criminals to a holding place. He travels on Galactic Federation crafts. He's been to BASK (GF base in Sedona) many times for meetings.

Akatu's Twin Soul

He was born in Italy. He's 55 years old (2025). He's stationed primarily on a military base in Egypt. He boards crafts regularly to report Black Hat activities globally.

Laka's Twin Soul

He was born in Germany. He's 43 years old (2025). He travels on crafts and meets with Galactic Federation. He's stationed at Ramstein base in Germany.

Archangel Raphael's Incarnation

He has short brown hair. He's worked on important missions behind the scenes. He travels with Elder Ikai and Archangel Michael.
