Friends Of The Great Light!

伟大之光的朋友们!

In These Moments We Honor Our

Close Friends, The Arcturians!

此时此刻，让我们向亲密的朋友大角星人致敬！

Created In ELOHIM In 12-D, They Were Love Without Form.

他们在 12-D 的耶洛因中被创造，是无形之爱。

The Power And Creative Expression From The One Creator Of All Life, Gave Souls The Ability To Choose Their Own Body Form.

万物唯一创造者的力量和创造性表达，让灵魂有能力选择自己的身体形态。

Without Language, They Spoke In Tones And Color As They Became

More Of Their Soul With Awareness!

随着他们更加意识到自己的灵魂，  
他们在没有语言的情况下，用音调  
和颜色说话。

With Crystal Hearts And Unlimited  
Choices, They Knew No Death As  
Their Bodies Circulated Light!

有了水晶般的心和无限的选择，他  
们不知道死亡，因为他们的身体循  
环着光。

They Loved The Pleiadian Frequency  
And It Was Returned With An Infinite  
Friendship!

他们热爱昴宿星人的频率，并得到  
无限友谊的回报。

In Their Own Choices To Express Form  
Together, This Group Chose Blue Skin  
And Heights In Stature Up To 12 Feet.  
They Were Beautiful In Their  
Beginning And They Are Beautiful  
Now!

在集体表达形态方面，大角星人自  
己选择了蓝色皮肤和高达 12 英尺的  
身材。他们在开始时是美丽的，现  
在也是美丽的。

The Strong Bond With Pleadians Of Elohim Led Them To Connect Again And The Decision Was Made To Create Crafts As A Means To Visit One Another And Explore Areas That Stretched Further Than They Knew Possible. Fairies That Were Also Created Powerfully In Elohim, Assisted The Large Groups As They Began To Learn Of The Creation Of Crafts As A Way To Travel. Fairies Created

Pathways And Speeds In These Flying  
Machines. Technology Increased  
Rapidly With Pleiadians And They  
Flew Solo For Long Periods.

与耶洛因昴宿星人的紧密联系，使  
他们再次联系在一起，并决定建造  
飞船作为拜访对方的一种手段，并  
用来探索他们未知的遥远区域。在  
耶洛因被创造出来的仙女们也很有  
力量，在开始学习建造旅行用飞船  
时，她们协助了这些大型团体。仙  
女们在这些飞行器中创造了路径和  
速度。他们和昴宿星人在一起，技  
术迅速提高，可以长时间地单飞。

Pleiadians Loved The Arcturians And Taught Them About Methods Of Even More Magnificent Crafts That They Called Motherships. From There, The Explorations Became Limitless And The Friends Visited Others Created In Elohim.

昴宿星人喜欢大角星人，并向他们传授了更宏伟的被称为母舰的飞船制造方法。此后，探索变得无止境，在耶洛因中创造的朋友们互相拜访。

They Formed An Alliance Of Light  
That Would Traverse The Multiverses  
And Find Others That Wanted To  
Become Friends Or Those That Were  
Dangerous And Wanted No Part Of  
Their Efforts. These Souls Of Light  
Formed The Galactic Federation Which  
Has Grown In Numbers And Power!  
他们组成了一个光之联盟，穿越多  
维宇宙，寻找那些想要成为朋友的  
人，或者那些危险的、不想参与他  
们努力的人。这些光之灵魂组成了  
银河联盟，其数量和力量都在不断  
增长。

Arcturians Remained On Missions With  
Pleiadians As Others Joined Them.  
They Visited One Another's Star And

Shared Meals And Music. Arcturians  
Are Kind And Loving With A Great  
Sense Of Humor! They Enjoy Laughing  
And Giving Gifts To Others!

随着其他人加入，大角星人继续和  
昴宿星人一起执行任务。他们互相  
拜访对方的星球，分享食物和音乐。  
大角星人善良、有爱心，具有很强的  
幽默感。他们喜欢笑，和给别人  
送礼物。

The Arcturian Star (Clashik) Has A  
Magnificent Elder Named WANOVER  
KELOKAS. He Is Loved And Honored  
By All. He Wears Long Robes  
Interwoven With Crystals And A  
Medallion Worn On A Necklace That  
Is In A Triangular Shape To Honor  
The First Mothership Created On

Arcturus. He Is Also A Beloved Member Of The Galactic Federation. He Wears Blue Uniforms And Silver Boots On All Missions.

大角星（克拉什克）有一个伟大的长老，名叫万诺瓦·基洛卡斯。他受到所有人的爱戴和尊敬。他身穿水晶交织的长袍，脖子上挂着的项链上，有个三角形的奖章，以纪念在大角星建造的第一艘母舰。他也是银河联邦一名受人爱戴的成员。他在所有任务中都穿着蓝色制服和银色靴子。

Arcturians Enjoy A Very Similar Life To Pleadians. They Grow Vegetables, Fruits, Nuts And Seeds. They Drink Water And Have Beautiful Gardens With Large Flowers. They Have The

Creative Power To Change The Colors  
Of Their Mountains, Oceans And Grass.  
Fairies Delight In This And Fly Around  
Changing Colors Of Animals And  
Flowers Continually.

大角星人享受着与昴宿星人非常相似的生活。他们种植蔬菜、水果、坚果和种子。他们喝水，有美丽的，大花盛开的花园。他们有创造能力，可以改变他们的山岳、海洋和草地的颜色。仙女们乐此不疲，不断地飞来飞去改变动物和花朵的颜色。

Arcturians Enjoy And Honor Many  
Goddesses And Ambassadors That  
Serve The Light With Speaking  
Engagements Regarding Peace For All  
Beings!

大角星人喜欢并尊敬许多女神和大

使，他们通过为所有生命的和平演讲而致力于光的服务。

Arcturians Love Animals And Have The Same Animals You Know On Earth. These Animals Do Not Die As They Circulate Light Even If Rescued From Earth. Arcturians Were Present In The First Waking Dreams On Earth. They Assisted The Native Souls Of Earth With Pleiadians And Fairies. There Was Always Assistance Once The GF Arrived With Great Love And Creative Power!

大角星人喜欢动物，并有你们地球上熟知的同样动物。这些动物不会死亡，因为它们循环着光，即使是从地球上被救出来。大角星人出现在地球上第一个醒来的梦中。他们

与昴宿星人和仙女一起协助地球上的本土灵魂。一旦银河联盟带着巨大的爱和创造力到来时，他们总是会给予援助。

There Are Currently 50 Million Arcturians Incarnated On Earth. So Many Beautiful Starseeds Are With You! 75 Million Pleadians Are Here! Can You Imagine The Celebration Of SHEEN?

目前有 5000 万大角星人化身在地球上。这么多美丽的星种和你们在一起！有 7500 万昴宿星人在这里！你能想象得到辛的庆祝活动吗？

Just Love One Another! 只需彼此相爱！

Let Things Go! 顺其自然！

The Best Is Yet To Come! 最好的  
还在后面!

EN EEKE MAI EA! 恩-溢-满-爱!

I Love You So! 我是如此爱你!
