Listen to what Trump just said about the mystery drones:

"I can't tell you who it was or what it was. I can't really tell you. I'd love to tell you actually, but it's not up—it's not a big deal... so obviously it's something that I know about and it's not a problem at all."

试想一下，除了那些有直接接触的人之外，《泰格塔家族》的读者是世界上唯一知道“神秘无人机”就是银河联邦的人。

我们说过它会扩大，本周丹麦、挪威和瑞典都有目击报告。

你知道的比每一个告密者、每一个 UFO 社区名人、每一个自称的 UFO 专家都多。

这仅仅是个开始。

Just think, besides those having direct contact, readers of Family of Taygeta are the only people in the world who know that the "mystery drones" are Galactic Federation.

We said it would expand and this week sightings are being reported in Denmark, Norway and Sweden.

You know more than every whistleblower, every UFO community personality, every

self-proclaimed UFO expert.

This is just the beginning.

银河联邦揭示自己的唯一方式是逐渐地进行。

他们的飞船带有光芒，因为他们希望被看到。

他们部分地与人类飞船融合，以便被那些准备好的人识别。

他们知道许多人类仍然困于基于恐惧的信仰体系，他们不想让任何人受到创伤。

他们留下线索，让我们自己去发现。这是我们真正的觉醒考验。

正如我一直所说的，目击事件将会增加  
然后突然在一瞬间，一切都将改变。

The only way for Galactic Federation to

reveal themselves is gradually.

Their crafts have lights because they want to be seen.

They partially blend with human crafts in order to be recognized by those who are ready.

They know many humans are still stuck in fear-based belief systems and they don't want to traumatize anyone.

They leave clues so we can figure this out on our own. This is our true awakening test.

Sightings will increase as I've always said, and then suddenly in a blink, everything will change.
